EDUCATION

B.A. Computer Science, Minor in Business   **Fall 2018 – Spring 2022**
Rice University, Houston, Texas

International Baccalaureate Diploma   **Aug. 2016 – Jun. 2018**
ACS Cobham International School, Cobham, Surrey

WORK EXPERIENCE

Software Engineer, iBH Media   **Feb. 2019 – Present**
- Leading the development of the website for iBH Media and iBH TV. I am currently developing both the server side and the front-end side of the website that will become a content streaming platform. I also take care of hosting and running the site.

Technical Support Assistant, Rice University   **Oct. 2018 - Present**
- Helping students with any issue they have with connecting to the video session. Working with Zoom and the application's back-end to ensure 99% uptime and reliable connections.

Language Consultant, Rice University   **Sep. 2018 - Present**
- Having 15 minutes conversation sessions to let student practice speaking Italian. I also help them with any grammar question they might have about the language.

Software Development Intern, PressToday   **Jul. 2017 – Aug. 2017**
- Developed an analytics platform for the company's client using JavaScript full-stack. I was also leading a team of 5 other interns that were working on the platform with me.

Disc Jockey   **May 2013 – Jan. 2017**
- I played at events such as weddings and fashion shows where I had to understand the people in front of me to pick the right music and I had to think critically about my choices
